IT IS A FIXED FACT! CONSUMPTION Can be Cured.

SIR JAMES CLARK, Physician to Queen Victoria, and one of the most learned and skillful men of the age in his Treatise on Consumption, says: "That Pulmonary Consumption admits of a cure, is no longer a matter of doubt; it has been clearly demonstrated by the Researches of Laennec and other modern pathologists." Dr. Clark, who investigated such matters as thoroughly as any other man, says:

"Pathological Anatomy has, perhaps never afforded more conclusive evidence in proof of the curability of a disease than it has in that of tubercular phthisis (pulmonary consumption)."

IT IS NOT A FICTION.

These statements are made by men who have demonstrated what they say time after time, in the crowded hospital and the truth telling dissecting room. They are from men who could have no possible motive for publishing what is untrue, or embellishing falsehoods.

TERRIBLE TRAGEDY IN BUFFALO.
Murder of a Woman and her Three Children.

Mysterious Disappearance of the Husband and Father.

[From the Buffalo Courier, March 3.]

Since the disastrous fire of Friday morning last, with its accompanying loss of life, a thousand rumors have been current in regard to the matter. Nothing that has occurred in the city in years has so agitated the public mind, and it may be truly said that a large proportion of our community has been in a fever of excitement since the first alarm was sounded. Although the first brought to light was suggestive of nothing more than a fire, and a fearful loss of life, the subsequent discovery of the bodies of a woman and her three children, and the mysterious disappearance of the husband and father, have given to the tragedy a character of horror and mystery which has not been known since the first alarm was sounded.

It is not a fiction.

These statements are made by men who have demonstrated what they say time after time, in the crowded hospital and the truth telling dissecting room. They are from men who could have no possible motive for publishing what is untrue, or embellishing falsehoods.
